Completion of contract: YTS Companies agrees to do its best to meet any agreed upon performance dates, but shall not be liable in damages or otherwise for delays because of inclement weather, labor, or any other cause beyond its control; nor shall the customer be relieved of completion for delays.

Tree Ownership: The authorizing party warrants that all trees listed are located on the customer's property, and, if not, that the authorizing party has received full permission from the owner to allow YTS companies to perform the specified work. Should any tree be mistakenly identified as to ownership, the customer agrees to indemnify YTS companies for any damages or costs incurred from the result thereof.

Safety: YTS Companies warrants that all arboricultural operations will follow the latest version of the ANSIZ133.I industry safety standards. The authorizing party agrees to not enter the work area during arboricultural operations unless authorized by the crew leader on-site.

ANSI A300 Tree Care Standard Definitions: The following definitions apply to specifications detailed in this proposal.

Clean: Selective pruning to remove one or more of the following non-beneficial parts: dead, diseased, and/or broken branches. Unless noted otherwise on this proposal, all cleaning will be of branches 1 inch diameter or greater throughout the entire crown.

Crown: The upper part of the tree including all branches and foliage, measured from the lowest branch on the trunk to the top of the tree.

Leader: A dominant or co-dominant, typically upright stem – usually the main trunk.

Raise: Selective pruning to provide vertical clearance.

Vista pruning: Selective pruning using one or more pruning methods (types) to allow a specific line of site (view), usually creating view "windows" through the tree's crown.

Concealed Contingencies: Any additional work or equipment required to complete the work, caused by the authorizing party's failure to make known or caused by previously unknown foreign material in the trunk, the branches, underground, or any other condition not apparent in estimating the work specified, shall be paid for by the customer on a time and material basis. YTS Companies is not responsible for any damages to underground sprinklers, drain lines, invisible fences, or underground cables unless the system(s) are adequately mapped by the authorizing party and a copy is presented before or at the time the work is performed.

Clean up: Clean up shall include removing the wood, brush, and clippings, and raking of the entire area affected by the specified work, unless noted otherwise on this proposal.

Lawn Repair: YTS Companies will attempt to minimize all disturbances to the customer's lawn. Lawn repairs are not included in the contract price, unless noted otherwise on this proposal.

Terms of Payment: Unless otherwise noted in this proposal, the customer agrees to pay the amount in full within 30 days from invoice date. Failure to remit full payment within the payment term will result in a finance charge of 1.5% per month.

Returned Check Fee: There will be a \$30 fee charged for all checks returned to our office for non-sufficient funds.
